HAPPENINGS IN NEVADA

Pencilings and Clippings of Recent Events in the State.

The Fourth of July committee of Virginia City has invited Senators Jones and Stewart to contribute to the celebration fund.

An Indian fell from a train near Carson Wednesday. His right arm was broken in two places and he was badly bruised otherwise.

None of the victims of Jack Higgin, the Virginia City Indian desperado, have died, and it is thought all will recover from their wounds.

The county board of education held a meeting yesterday and re-elected Prof. Start principal of the high school and Miss Alice L. Ede of Reno assistant. Miss Ede has the reputation of being an excellent teacher, and comes highly recommended.—Elko Independent.

President M. W. Fox of the Hale & Norcross company, who has been experimenting the past three days, with liquids that will absorb the gas generated by blasting with giant powder, announced that a combination compound of carbon dioxide of nitrogen, prepared by Professor F. E. Fielding, assayer at the Con. Cal. & Vt. office, is a success.

DISHONESTY IN THE PUBLIC SERVICE.

Frauds in the public service continue to be revealed, to the annoyance of the faithful and to the humiliation of honest people who support the Republican party. There is not a ray of sunshine to lift the pall of darkness that envelops the once proud and too often insolent party in power. The proud feel that the worship given to the idol of their political affections is no more revered by the people with head uncovered in humble mien, as in former times when purity was present and a conscious uprightness supported the action of the party and its public men. Songs giving it praise are no more heard in public, and the people have ceased to give glory to heroic deeds in public gatherings.

Garments of sack cloth covered in ashes would be more typical of the feelings of many of the better people in the party than the gaudy trappings of royalty and brass buttons. The tapestry of imperialism is a menace to liberty, while the pressure of the dollar, since it has been elevated above the man, has become intolerable to freedom loving men in all walks of life. An utter disregard for the good opinion of the people has taken possession of the leaders of the party, which is ailed in the private life of those who assume to ape the patriots of Rome in the decline of the republic, and whose public acts in obedience to money power are marked by like action as appeared in a degraded Roman senate before an imperial Caesar, when the republic had ceased to exist.

Corruption is everywhere present in the public service, and arrests continue to be made of the guilty. The United States treasury has become a camping place for villains, and the treasure, which is the money of the people, has largely become a common fund to supply the wants of profligates and thieves. Double the value for forage and other substance required for the army is paid. These over-values are divided among the dishonest who control the money, while appropriate ones for the public service continue to increase.

These things are an outgrowth of dishonest methods that have existed in the party for years, while a majority of the people continued to go to the polls to vote a ticket prepared for their use upon election day by a villainous monied oligarchy, whose purpose was and continues to be to loot the treasury and steal the substance of the people by legalized combinations called trusts, whose object has been and is to continue the corrupt work of robbing the people and looting the treasury by making dishonest and large contributions to corruption funds, to be administered by Mark Hanna and out of congress.

The writer is fully aware that these reviews are not pleasant to many readers of the Journal, but duty to the public demands attention to be given to these things. The highest attainment of a citizen in patriotism, or love of country, is evidenced by his fidelity to its best interests, and whatever is for the interests of country is for the best interests of the people. There is not a citizen who can wink at corruption in the public service and be a patriot in a sense that is useful to his country. It is his duty to expose and condemn corruption wherever it is ascertained to exist.

When party is placed above country by a citizen, he has ceased to be useful for the public good in a disinterested sense, and he has correspondingly ceased to be a patriot. When a citizen has lost in patriotism, he has also lost in usefulness to his country in the better sense known to citizenship. When a man has ceased to make effort to procure good government, he is in the way of his country and in a negative sense has become its enemy and is unworthy of public confidence or of public trust. A citizen in citizenship is a man whom the more positive and governing man and citizen has to provide good government for, as he has in his relation of citizen become a political parasite by securing the blessings of protection to life and property and the enjoyment of good government through the efforts of others.

The signs of the times are favorable to a more clean and honest course in public business as a result of an awakening the public mind has received in the last three years, which was emphasized by congress at its late session. The thorough shaking up the public mind received from congress may cause a change that will restore confidence in the ability of the people to govern without the aid of bosses, or

monied combinations in whose hands they have permitted government to be placed by their inaction or passive course. It is believed that voting the ticket will become less binding than it has been and for that cause less popular. If the people do not understand the duty there is upon them to maintain government according to honest and American ideals, the lesson they have received may not profit the country. Immunity from punishment will be an invitation to continue the villainy there is in government which will end in the destruction of all there is valuable to the people in freedom, and in protection from the avaricious who have in connection with the monied interests become their oppressors.

MINES AND MINING

Items About Nevada's Leading Industry Clipped From Exchanges.

The Black Horse mine near Pine Grove has been sold by Collins & Barrett to Mr. Lang of Reno for \$5,000. Pfeiffer and Ball have leased the Gagnoux mill on Walker river and will work ore from this mine.

Monday morning G. D. Burton and A. Sedmore of the Electrical company of Reno, accompanied by W. S. Reed and J. A. Whiting of Massachusetts, and W. A. Kelley, a mining expert of Reno, went out to the mines in which they are interested at Trinity and Arabia. The party inspected both properties and were highly pleased with the outlook. Considerable importance is attached to the visit of these gentlemen—Lovelace & Angus.

The Nevada Company.
Articles of incorporation of the Nevada Copper Mining & Milling company were filed with the County clerk at Salt Lake Monday. The capital stock is placed at \$25,000, divided into 240,000 shares of the par value of 10 cents each. Albert Hagen is president of the company, R. G. Wilson, vice president, H. Barnett, secretary, W. Kopp, treasurer, who, with Charles H. Johansen, form the directors. The company owns the Copper King mining claims Nos 1 and 2, in the Daak creek mining district, White Pine county, Nevada.

Valuables Exposed.

H. H. Beck spent the other day in the capital city, and, while passing the Mint building in company with a Carsonite, the latter remarked, pointing to some playing cards scattered on the sidewalk:

"We're terribly honest up here. There lies big Pedro where any scoundrel from Reno could take it with a ten spot."

Wedding Bells Will Ring.

There will be a wedding in the town Sunday evening. The groom is all anticipatory smiles this week. No wedding trip for this sensible young couple. They don't have to go away by themselves for a week or two in order to get used to each other's society, but will sit cozier at the corner of Fourth and Nevada.

A Handy Contrivance.

The county records are now being transcribed by means of a book type-writer. This is a "new-fangled machine" and does magnificent work. It makes an indelible record and is of course, more easily read than the finest Spencerian.

Band Boys, Attention.

There will be a meeting of the members of Ferguson's band this evening at the usual place. A full attendance is desired.

Democracy of California Is Solid for Bryan.

Special to the JOURNAL.

SACRAMENTO, June 14.—The State Democratic convention today elected Phelan, Maguire, White and Tarpey delegates to Kansas City and instructed them for Bryan. The platform declares against imperialism and trusts, favors the immediate construction of the Nicaragua canal by the Government, declares for the popular election of Senators, the abolition of war taxes and sympathy for the Boers.

America and Russia to Conciliate the Powers.

Special to the JOURNAL.

LONDON, June 14.—Nothing has been heard today from the 2,000 foreign troops who started from Tien Tsin for Pekin and the gravest apprehension as to their fate exists. Seventeen hundred Russians have been sent to reinforce them. The Americans are following the lead of Russia, who is adopting a policy conciliatory to all the powers interested in China.

BRIEF WIRED WORD.

Mrs. W. E. Gladstone died last evening.

Two passengers were killed and several injured in a railroad collision yesterday in Georgia.

The plague in India is decreasing and famine sufferers are being relieved by millions.

A Russian army has landed upon Chinese soil and is preparing to march on Pekin.

Mark Hanna denies that he has a candidate for the vice-presidency.

Already 650 delegates to the Democratic national convention are pledged to William J. Bryan and only 621 are needed to nominate.

A derailed logging train plunged down a heavy embankment near Williamsport, Pa., yesterday and killed seven men.

Pitched battles are occurring between whites and Japs near Spokane and a race war seems imminent.

General Rundle has warned the Free States that if they do not surrender by today he will take their farms.

The U. S. hospital ship Solace has sailed for Chinese waters in expectation that its humane services will shortly be needed there.

The garrison at Kumassi is still in danger. It is strongly besieged and the troops are on half rations.

This Is a Wise Suggestion.

Yesterday a substantial citizen suggested to the JOURNAL scribe that it would be a wise plan to elect an alumnus of the University to the board of Regents.

This is a wise suggestion. No one has the good of the school more at heart than a graduate, and no one has a better opportunity for knowing what is expedient and good for the best interests of the school. Such a regent would be more approachable by the students than a stranger. Yes, the suggestion is wise.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women and all feel this results in loss of appetite, poisons in the blood, backache, and tired, listless run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and appetite than anything I could take. I can now eat anything and have new lease on life." Only 50 cents at S. J. Hodgkinson's Drug Store Every bottle guaranteed.

The Major Undefeated.

Major B. A. Spence yesterday executed a bond in the sum of \$40,000 as surety that he will faithfully perform his duties as superintendent of the Indian school at the point of disbursement agent at the Nevada Indian agency.

It seems that the Major's political enemies turned him down, but his friends re-enthroned him.

Frank Savage, the plumber, left last night for San Francisco to purchase a stock for a display room which he will shortly open in this city.

Mrs. J. A. Fitzgerald and children, accompanied by C. W. Clark's family, leave to night for Santa Cruz to spend the summer.

Jacob Gooding and Roy Stoddard have gone out to their Bonanza mine in the Juniper hills. They will continue their tunnel until it crosses the ledge.

LITTLE LOCAL BREVITIES

Items of Street and Town too Brief for Separate Heads.

Mell Stevens has accepted a position in the office of the Palace hotel.

Nearly all the schools in the county have closed for the summer vacation.

A telegram has been received from H. Leter stating that his father died in San Francisco yesterday morning.

The advance sale for the play to night has been very heavy. A packed house and a splendid performance are on the program.

What looks like the front wall of May and Dromack's new hotel has been erected at the corner of Center street and Commercial Row.

Hundreds of people witnessed the Quaker doctors' free exhibition last night. The fifty-foot leap by the trained dog was the attraction of the performance.

Found, a Pocketbook.

A large morocco leather pocketbook was picked up on Virginia street last night. It was a nice, fat looking wallet. On opening it there was found several denominations. Some mining stock and other papers, among them was found four tickets to "The Doctor." The person who lost this pocketbook evidently intended to take the family to the play by the Reno Dramatic club on next Friday evening, June 16th. That's right. Let everybody go and enjoy a pleasant evening.

Made One and Happy.

A marriage license was issued yesterday to Andrew Jones and Lenora Englert, both of the Truckee country. They went west last night one and rejoicing.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A NEVADA ROMANCE

How Two Young Palpitating Hearts Were Made to Beat as One.

Yesterday the JOURNAL scribe was clearing out some old pigeon holes in the sanatorium. The dust of decades lay deep upon the yellowed papers.

A letter attracted his attention. It was addressed to a former owner of this paper, but conscientious scruples did not prevent the scribe's perusing it.

It was a love letter, writ in the exaggerated phrase of life's sweet dream. The writer was secretary to one of Nevada's representatives in the nation's law-making body. He had met a fair damsel from the south at the gay capital.

They loved, but a careful father had to have his fears allayed. The young secretary referred the father to the editor of this sheet and then quickly wrote that the report be made a favorable one.

They are Mr. and Mrs. Van Duzer now and happy in their home on the bank of the Humboldt.

Down the Swift Toboggan Slide.

Will Duncan and Roy Crasson were pulled yesterday for selling whisky to Indians. Crasson is, and looks as though he always was, a hobo, but Duncan is a man with a past.

A decade ago he was one of the flashiest sports on the Comstock. He spent money like a prince, dressed in the height and always had a dollar for an unfortunate friend to eat on, but he struck the booze toboggan and slid to the bottom. Now he is friendless and often hungry. He would barter his shoes for red eye or yen shee. The old, old story.

Our Sick List.

Josephine, the little daughter of Mr. and Mrs. E. L. Williams, is convalescent from an attack of scarlet fever.

Miss Weir was able to drive out yesterday.

Mrs. Louis Dean is recovering from recent illness. She was out taking the air yesterday.

The Deed Transferred.

Some years ago the count of Washoe purchased from what is now the Brown estate a tract of sixty acres for the use of the agricultural experiment station for the sum of \$12,000. Tuesday the last payment of \$1,500 was made and the deed executed.

A Nevada Mine.

Joseph Siegel has returned from a visit to his mining properties at Siegelville. The new hoisting engine is now in operation and ten more men have been put on.

A MORNING WEDDING

Dr. Henry Bergstein Leads Mrs. Clara A. Powning to the Altar.

At seven o'clock yesterday morning Dr. Stubbs spoke the words which made Dr. Henry Bergstein and Mrs. Clara A. Powning man and wife. The ceremony was performed at the home of the bride. Only a few intimate friends and relatives were present. The contracting parties were attired for traveling and left immediately on the flyer for California. They will visit summer resorts during the honeymoon and afterwards will reside in San Francisco where Dr. Bergstein will resume the practice of his profession.

New Officers of the Grand Lodge.

The Grand Lodge of Nevada, Free and Accepted Masons, chose the following officers this week at their session in Virginia:

Grand Master, Joseph A. Miller of Austin; Deputy Grand Master, George A. Morgan of Virginia; Senior Grand Warden, A. O. Percy of Gold Hill; Junior Grand Warden, Tremor Coffin of Carson; Grand Treasurer, Wm. McMillan of Virginia; Grand Secretary, O. A. Noteware of Carson.

Runaway Accident.

Mrs. Ed Barber has received a letter from her sister in San Mateo, Mrs. Walter Fullmer, telling of a serious accident the latter experienced the other day.

Mr. and Mrs. Fullmer and children were out driving. A neck yoke broke and the horse ran for six miles before they could be controlled. Mrs. Fullmer was thrown out and seriously injured but is now convalescing.

Commissioners, Attention!

Now, that the old cemetery has been condemned and closed, 'twould be a pious idea to open the Fourth street extension through to the hills. There are reasons for this in plenty. The town is building out that way pretty fast is the first reason advanced and sufficient in itself to make the project worth investigating.

May Be a Deal.

It was whispered about the streets yesterday that the Wedekind mine was to change hands. Rumor has it that a San Francisco syndicate has made a tempting offer for this bonanza and that it would probably be accepted.

The Smelter Site.

The committee appointed by the Reno Milling and Smelting company to select a site for the works is out daily looking at promising locations. Nothing definite has yet been decided upon.

Title Quieted.

A decree was entered yesterday in a suit brought by Horn versus Cleveland to quiet title to certain lands. The plaintiff won his suit.

Millions Given Away.
It is certainly gratifying to the public to know of one concern in the land which is not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are rarely cured by it. Call on S. J. Hodgkinson, Druggist, and get a trial bottle. Regular size, 50 cents and \$1. Every bottle guaranteed or price refunded.

Weekly Crop Bulletin.
CARSON, Nev., June 12, 1900.
The fore part of the week ending June 11th was much warmer than usual, the temperature averaging several degrees daily above normal; the latter part was generally cloudy and considerably cooler, with heavy thunder showers, rain and hail, in the western and southern districts on the 8th and 9th.

Crops of all kinds have made rapid advancement during the week and prospects for a bounteous harvest continue very promising throughout all portions of the State. The harvesting of hay and grain is well under way in the southern portion of Lincoln county, where most of the grain is now in shock. Throughout the western portion of the State the grain is heading out and the cutting of a heavy crop of hay has commenced.

The markets are supplied with an abundance of local garden vegetables, and ripe home-grown strawberries are rapidly replacing those shipped from other States. Water is plentiful for irrigation and other purposes. Feed is abundant for stock.

Remarkable Cure of Rheumatism.
KENNA, Jackson Co., W. Va.
About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A.
